

DSL2019

15th International Conference on Diffusion in Solids and Liquids
ATHENS (Greece) from 24-28 June, 2019

Eugen Rabkin is a Professor and holder of the Trudy and Normal Louis Chair in Engineering at the Technion – Israel Institute of Technology. In 2014-2017 he served as Dean of the Department of Materials Science and Engineering. He obtained his Ph.D. degree from the Institute of Solid State Physics of the Russian Academy of Sciences in 1991. From 1992 till 1997 he was a post-doctoral fellow and research assistant at the Max Planck Institute of Metal Research and the University of Stuttgart in Germany. Since 1997, Prof. Rabkin has been a faculty member in the Department of Materials Science and Engineering at the Technion. Prof. Rabkin has published 230 publications in peer-reviewed international journals. His scientific interests include diffusion and phase transformations in metallic materials and thin films, nanoscale mechanical properties of materials, and hydrogen interaction with metals. Several prizes have been bestowed on Prof. Rabkin: Federation of European Materials Research Societies Lecturership (1999), Science Prize of the German Technion Society for personal contributions to Israeli-German scientific cooperation (2004); Henry Taub Prize for excellence in research (2004, 2018), and British Council visiting scholar award (2018).
